G. Performance Initiatives

KSL NewsRadio and KSL Television established an internship program designed to assist members of the community to acquire skills needed for employment in radio and television broadcasting. The available internship involves students who are registered at a university, college, community college or vocational-technical institute on a full-time basis. Interns become involved in a structured learning environment that includes approximately 20 hours of training per week.

KSL NewsRadio and KSL Television established a scholarship program to award four (4) communications students, who demonstrated high academic performance, were dedicated to their communications studies, contributed to their school's communications program, and participated in university or community based activities that resulted in personal growth and enrichment. The recipients of these scholarships were interviewed and selected by a panel of judges from the management and news staff of KSL NewsRadio and KSL Television

Bonneville Intermountain Radio Group and KSL Television management and personnel participated in many educational engagements during the period of May 24, 2003 – May 26, 2004 to broaden student interest in employment opportunities in the broadcasting industry.

Training entitled “A Survival Guide for Managers Avoiding Litigation Landmines” was presented by the V/P of Human Resources, Bonneville International Corporation to KSL NewsRadio management on October 8, 2003. Similar training was provided by Director of Human Resources, Bonneville International Corporation to KSL Television management on May 6, 2004. The highlights of the training included: Failure to Document, Inconsistent Treatment of Employees, Delivering “Inflated” Performance Evaluations, Making Rash Disciplinary or Termination Decisions, Errors in Terminating, and Violating Wages & Hours Laws.
